Bukharey Pay

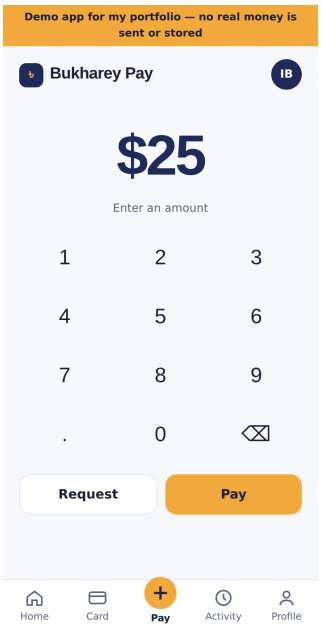

A demo money app for GitHub Pages, built by Imam Muhammad Bukharey. No real money is sent or stored.

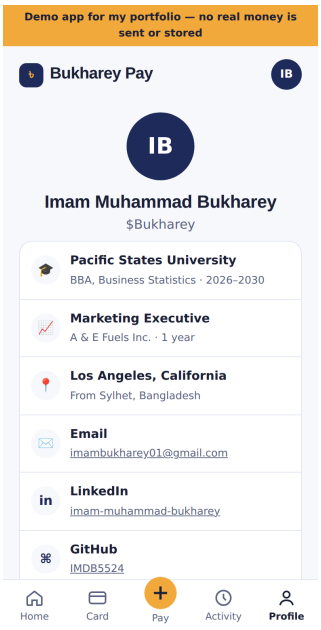

Home

Card

Pay

Profile

Put it on GitHub Pages

1. Sign in to github.com as IMDB5524 and create a new public repository, for example bukhareypay.
2. Tap Add file → Create new file, name it index.html, paste the code from the next pages, and commit.
3. Open Settings → Pages, set the source to the main branch, and save.
4. After a minute the app is live at imdb5524.github.io/bukhareypay.

Characters such as emoji are written as codes like 🎓 in the listing so they copy cleanly. They display as the right symbols in the browser.

index.html
